

The Asia Pacific Regional Internet Governance Forum

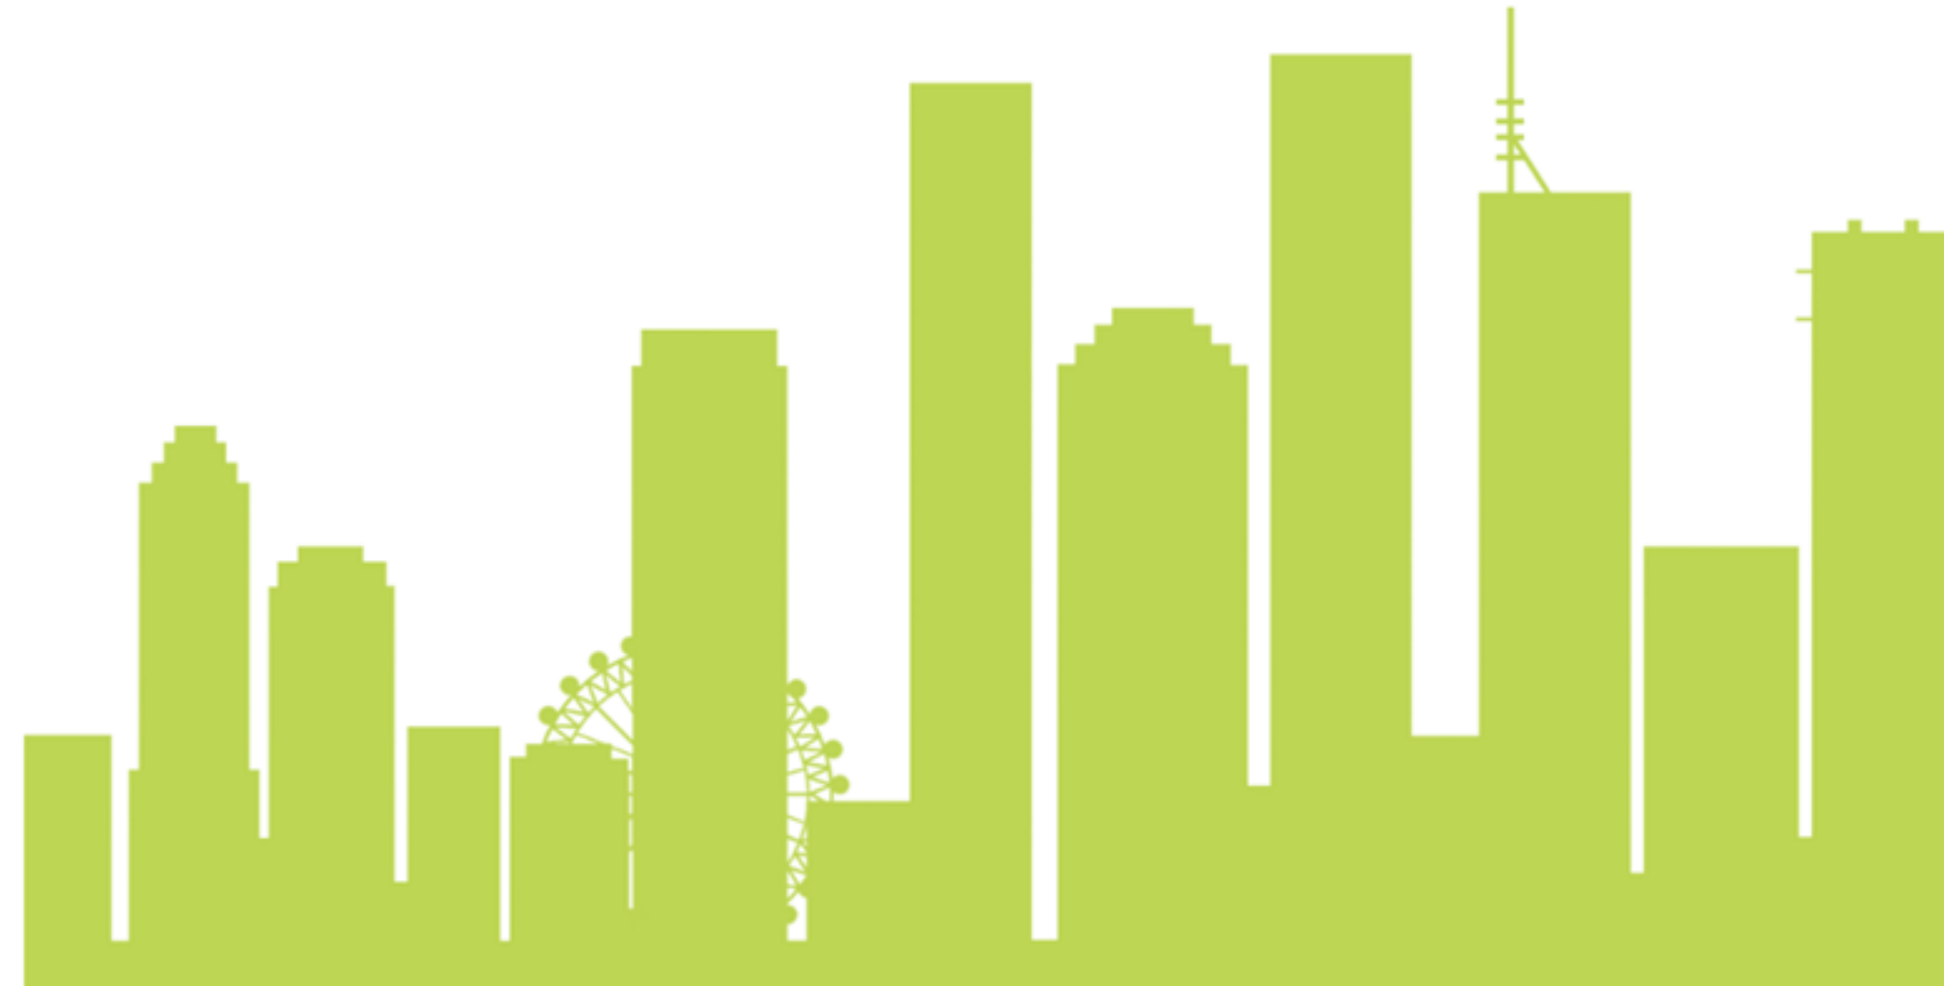

28 - 31 AUGUST 2023

Brisbane Convention and Exhibition Centre

LOCAL HOST

SECRETARIAT

INTRODUCTION

- To serve as a platform for discussion, exchange and collaboration at a regional level to aggregate stakeholder input on Internet governance.
- To raise awareness about Internet issues among the community and encourage participation by key actors in the IG ecosystem.
- Annual event that started back in 2010. Held at different location by the local host through an open call.
- Outcome report called 'Synthesis Document' (to be published)

INTRODUCTION

- APrIGF is organized by a diverse group of volunteers from across the APAC region, called ‘the MSG” and backed by the Secretariat support of Dotasia. Anyone with interest in IG can become a part of the MSG (contact our Secretariat at sec@aprigf.asia)
- Entirely community driven, bottom up process that makes up the program of the event.
- The multistakeholder model is the core principle behind every APrIGF with the emphasis on the diversity of participants and openness of the discussion.
- Value the youth as an important stakeholder in the form of Youth IGF that is organized by DotAsia in parallel to the main conference.
