- ***MGMD (Mera Gaon Meri Dharohar):***

Through the supportive collaboration with the Ministry of Culture, under the project “Mera Gaon Meri Dharohar” we are enabling the digital identity both in ‘.in’ & ‘.भारत’ domain by creating exclusive zone ‘mgmd.in’ and ‘एमजीएमडी.भारत’ to 6.5 lakh villages across 29 states and 7 Union Territories.

- ***Empowering MSME with ‘.in’ Domain:***

As a result of the collaboration between MeitY and Ministry of MSME, we have enabled an option for the MSMEs applying for Udyam registration(s) to opt for ‘.in’ domain.

NIXI jointly organised the 3rd edition of the India Internet Governance Forum (IIGF) 2023 under the overarching theme “***Moving forward: Calibrating Bharat's Digital Agenda***”.

- The said discussion delves deeper covering following issues:
  - Building a secure, trusted & resilient cyberspace for Bharat,
  - Enabling Innovation for India's Developmental Goals,
  - Bridging Divides and
  - Calibrating Bharat's Digital Agenda - on Leadership for Global Digital Governance & Cooperation.

# India Internet Governance Forum 2023

- India, thru NIXI, is the flag bearer to promote and promulgate Universal Acceptance (UA) for digital inclusion by organising the first UA Day in 2023 aimed at driving efforts for inclusive and multilingual internet.
- NIXI is in the process of organising a Regional UA Day in 2024 focusing on "**BhashaNet: Impetus Towards Universal Acceptance**" on March 21, 2024.
- BhashaNet portal is a multi-stakeholder initiative created with a vision to provide a truly multilingual internet enabling digital inclusivity, enhancing business opportunities, among others.

- Establishment of Indian Office
- Prohibition of Temporary Email Addresses
- Mode of Payment
- Maintaining IP Logs
- Mandatory e-KYC / KYC

- NIXI has implemented threat monitoring tool to get real-time abusive domains along with the level of maliciousness and its type.
- As a result, NIXI receives system generated report of malicious domains on daily basis.
- This helps us to take necessary action to make '.in' domain, Safe & Trusted.

- To tackle emerging challenges and potential polycrisis event(s), we need to be resilient in our approach.
- NIXI plays a pivotal role in delivering a better future for all to create an open, stable, free, doable, interoperable, reliable, secure, inclusive, and sustainable environment.
- The Thomas Edison statement and relating it with digitalisation, "Electricity holds a secret that is going to reorganise the entire life of the world, you could apply that to digitalisation too".

Thank you
