DOMAIN NAME REGISTRATION - POLICY STATEMENT

(effective from 1.1.98)

It is hereby declared that PNG University of Technology, Lae (PNGUT) is the sole owner and custodian of the country Domain for Papua New Guinea, .pg.

All applicants for the registration of a Domain Name(s) under .com.pg or .net.pg should apply in writing, by completing the attached registration agreement.

Queries regarding the registration of Domain Names under .ac.pg, .gov.pg, .mil.pg, and .org.pg should be directed to: PNG Internet Name Service, Information Technology Services, UNITECH, PMB, Lae.

All applicants must demonstrate a local presence or interests in Papua New Guinea. Registration will not be granted if the operation is solely conducted from overseas without any local interests. It should however be noted that the computers providing DNS services for the organisation, can be situated out of Papua New Guinea.

PNGUT is responsible for the registration of names in the .pg domain on the Internet. PNGUT registers these Domain Names on a "first come, first served" basis. PNGUT has neither the resources nor the legal obligation to screen requested Domain Names to determine if the use of a Domain Name by an applicant may infringe upon the right(s) of a third party.

No adjudication is made by PNGUT as to whether the applicant has a legitimate right to the name. Acceptance of any particular applicant by PNGUT confers no right to the applicant regarding the legitimacy or otherwise of the name with the applicant, nor does it confer to the applicant any other rights associated with ownership of the name or any rights to its use. Consequently, as an express condition and material inducement of the grant of an applicant's ("Applicant") request to register a Domain Name, Applicant represents and warrants as follows:-
