

The Internet for All

An Implementation Status Update

- **A Session of APTLD86**
- **Moderator: Nguyen Thi Thu Thuy, .VN**

Internet for All

APTLD Members' Statement

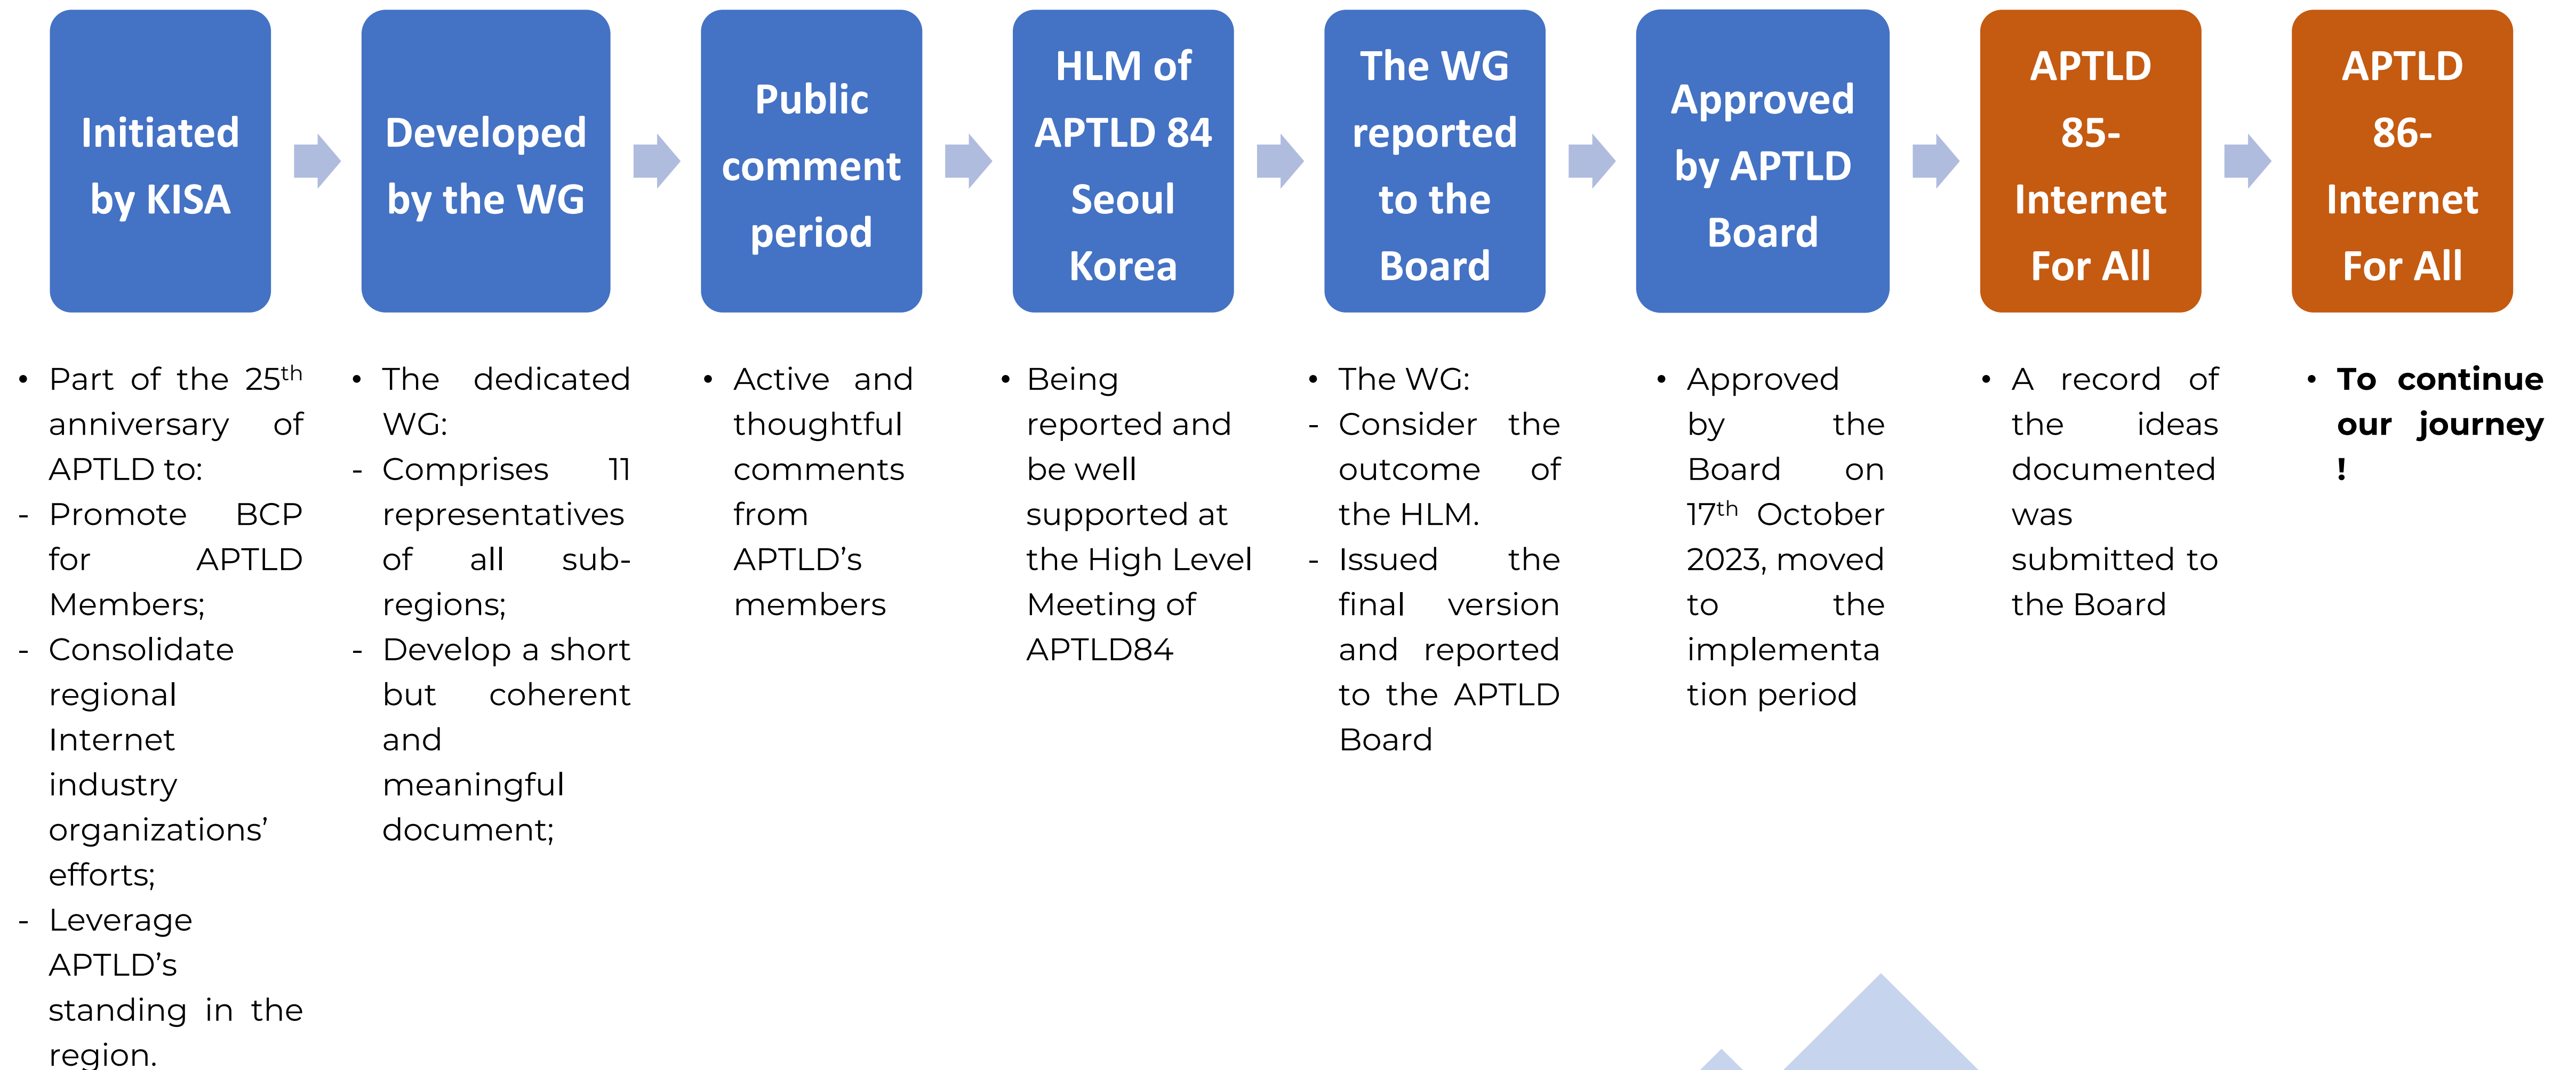

We, as participants in the Internet community of the Asia Pacific region, have gathered in Seoul, Republic of Korea in September 2023 for the APTLD84 members' meeting, to celebrate the 25th anniversary of APTLD. On this occasion:

- Recognizing that the Internet should remain a unique global public resource and medium serving the public interest;
- Recognizing that the Internet plays a particularly important role for our economies, affecting their social, political, cultural, and economic development;
- Recalling that integrity, openness, interoperability of the Internet and robust performance of the DNS need to be upheld and consistently championed to ensure its robust operation and advancement;
- Recognizing that governance of the Internet should be inclusive, participatory, and human rights based, and should leverage participation by all the interested parties;
- Affirming our unwavering support and commitment to [Tunis Agenda for the Information Society](#) which laid the foundation for today's Internet Governance;

The Concept behind the Document:

- Realistic;
- Doable;
- Scalable;
- Measurable;
- Promoting collaboration between Members and other regional Internet industry organizations.

Steps of the Statement

BETWEEN

VIETNAM INTERNET NETWORK INFORMATION CENTER

AND

COORDINATION CENTER FOR TLD .RU/.PФ

Da Nang, September 2024

A photograph showing a group of hands of various skin tones stacked in a circle, symbolizing teamwork and unity. The hands are arranged in a circular pattern, with each hand resting on top of the others, creating a sense of collective strength and support. The background is a plain, light color, and the overall composition is centered around the text.

**If you want to go fast,
go alone. If you want
to go far, go together !**

The slide features four decorative geometric shapes in the corners. The top-left and bottom-left corners contain overlapping squares in two shades of blue. The top-right corner contains overlapping squares in two shades of yellow. The bottom-right corner contains overlapping squares in two shades of blue.

THANK YOU !
